Subject: Deficient Application for Transfer of Notice of Intention, Color Country Rock, LLC., Windy #3, S/053/0071, Washington County, Utah

Dear Messrs. Humphreys and Fawcett:

The application to transfer the Windy mine from Color Country Rock LLC to Robert Stone, Inc., is deficient. The Division of Oil, Gas and Mining received this application on January 8, 2013. The following items need to be corrected before the application can be approved:

1. The Transferee (new operator) signed (notarized) the page that was for the Transferor (old operator) to sign and notarize. The page for the transferee had the information about the transferee filled out, but was not signed or notarized. These pages were also faxed to the Division. The Division needs the pages with the original signatures and notary stamp.
2. The Transferee needs to provide a reclamation surety and reclamation contract. The surety amount needs to be \$27,800 as identified in a letter from the BLM on February 3, 2012, the Division's March 14, 2012 letter, and Cessation Order # MC-2012-17-05, Issued September 4, 2012. Please contact the bonding coordinator, Penny Berry at 801-538-5291 or by e mail at pennyberry@utah.gov to obtain the appropriate bond and contract forms.

Please contact Lynn Kunzler at 801-538-5310 or me at 801-538-5261 if you have questions about these requirements.

Sincerely,

Paul B. Baker
Minerals Program Manager
